

IPS
e-max®

THE ONLY
ZIRCONIA
THAT CAN BE CALLED IPS e.max®!

IPS e.max® ZirCAD

The perfect combination of **strength**,
esthetics and **translucency**

- Optimally processed by our laboratory: monolithic high-strength or individually characterized and/or veneered – the choice is yours
- Up to 50% higher fracture toughness than other translucent zirconium oxide materials
- High strength and reduced material thicknesses allow for minimally invasive restorations
- IPS e.max ZirCAD MT Multi: monolithic restorations with natural shade and translucency gradation
- Cementation using the self-adhesive resin cement SpeedCEM® Plus
- Zirconia ideally complements lithium disilicate: IPS e.max all-ceramic – all you need
