AFTER SALES SERVICE

We support you along the entire digital process chain

You can rely on the services that Ivoclar Digital has to offer you to help you advance in the long run. No matter whether it is about optimizing your digital process chain or creating optimal conditions for effective manufacturing procedures: We are here for you - with first-hand experience and expertise.

Your direct point of contact – wherever you are in Europe, call the central service number*:

+800 7000 70 80

* Country-specific restrictions may apply. Not available in: Bulgaria, Estonia, Faroe Islands, Greenland, Latvia, Lithuania, Turkey, Cyprus.

CAD/CAM support

We will assist you in all your queries and issues relating to the digital manufacturing process in your laboratory. Whether you need information about software applications or you have technical issues, our CAD/CAM experts will study your query carefully and find an appropriate solution together with you. We take service personally.

Our CAD/CAM support is available to you as part of a service agreement or on a "pay per case" basis.

YOUR ADVANTAGES

A central service hotline for:

- Information & support concerning software applications
- Case-specific support
- Troubleshooting
- Customer service & device maintenance

Service agreements

You can protect the value of your investment in the long run with a PrograMill service agreement. You can extend the warranty period of your milling unit and benefit from a range of services included in the contract, such as CAD/CAM support. The costs are transparent and predictable from the start.

YOUR ADVANTAGES

- Possibility of extending the device warranty
- CAD/CAM support
- Annual maintenance of your devices
- Personal point of contact
- 2 x 30 minutes of online training per year

Maintenance and spare parts

Regular maintenance protects your investment and helps maintain the productivity of your laboratory. Our service technicians are especially trained and certified. In order to ensure optimum maintenance service for your PrograMill system, they will be sent out and work directly at your laboratory.

Digital technology enables high-precision manufacturing. Our replacement and spare parts are optimally tailored to your individual systems solution and applications to ensure continued quality and safety.

Pay per case

We are a system supplier that supports you along the entire digital process chain, even if you have not taken out a service agreement with us. With our flexible "pay per case" model, you decide when you want to seek the assistance of our experts (e.g. CAD/CAM Support) or make use of our technical service for device maintenance. You only pay for the services provided, without being tied into a contract.

If you contact our technical service because of malfunctions that are related to shortcomings of the hardware or software, we will assume liability within the scope of the manufacturer's warranty.

SERVICE AGREEMENTS

at a glance

Do not miss out on the opportunity to take out a service agreement for your dental laboratory and extend the warranty period of your PrograMill PM3, PM5 oder PM7.

Customized systems. Customized service packages. We offer you tailored solutions starting from Service Agreement XS, the basic service package, to Service Agreement XL, the premium package with a comprehensive service range including the replacement of all wearing parts.
