# Paint on a bright new smile

Vivastyle® Paint On Plus is a unique varnish system for whitening teeth without having to use a tray. The preparation contains six per cent hydrogen peroxide and the provitamin D-panthenol for the gentle lightening of teeth.

## Direct and selective application

The precise application of the varnish with a brush allows individual or crowded teeth to be effectively whitened.

## In-office and at-home application

Customized trays and expensive, bulky accessories are unnecessary.

## Only 10-minute reaction time per application

The varnish does not dissolve in saliva. It takes effect within 10 minutes.

## Gentle whitening for natural-looking white teeth

After having received suitable instructions from the dental team, patients can use the whitening product at home with a customized tray. The two different concentrations of active ingredients of 16 per cent and 10 per cent carbamide peroxide\* respectively enable needs-oriented whitening.

**Easy handling** and gentle whitening

**Accurate dispensing** with resealable syringe

**Smooth consistency** for improved coverage of the teeth

## Delivery forms

645980AN VivaStyle® 10% 4x3 ml  
646031AN VivaStyle 10% 2x3 ml  
646032AN VivaStyle 16% 4x3 ml  
646033AN VivaStyle 16% 2x3 ml  
602873AN VivaStyle Paint On Plus 1x20 ml

\*10% / 16% carbamide peroxide correspond to 3.6% / 5.8% hydrogen peroxide

Show your patients what their new smile could look like – with the **VivaSmile app**. The app can be downloaded from the App Store.
